

Learning Better Lossless Compression Using Lossy Compression — Additional Examples

Figure A2. Example from Open Images, showing x , r and a sample from $p(r)$. White means zero residual.

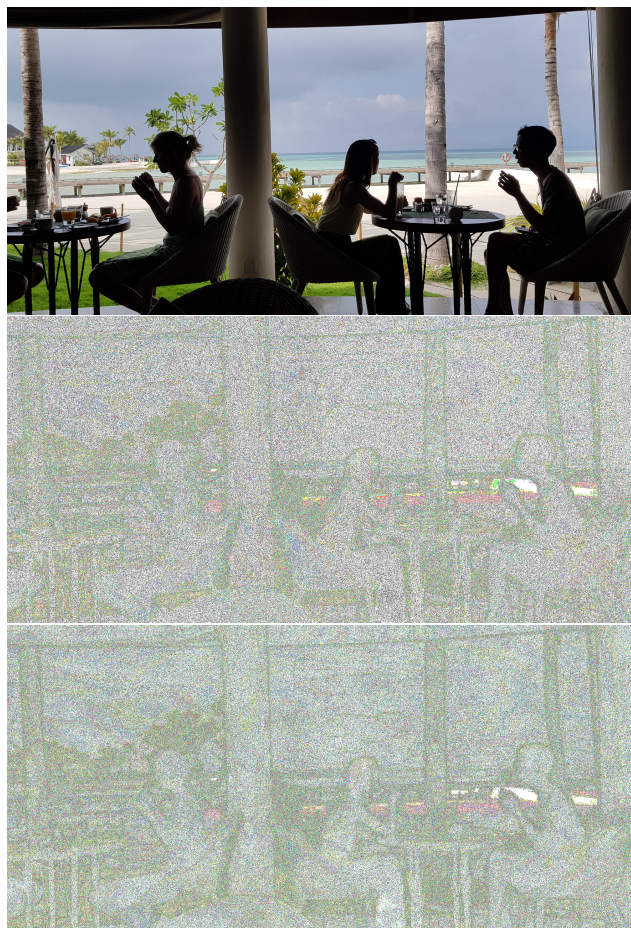

Figure A3. Example from CLIC.mobile, showing x , r and a sample from $p(r)$. White means zero residual.

Figure A4. Example from CLIC.pro, showing x , r and a sample from $p(r)$. White means zero residual.

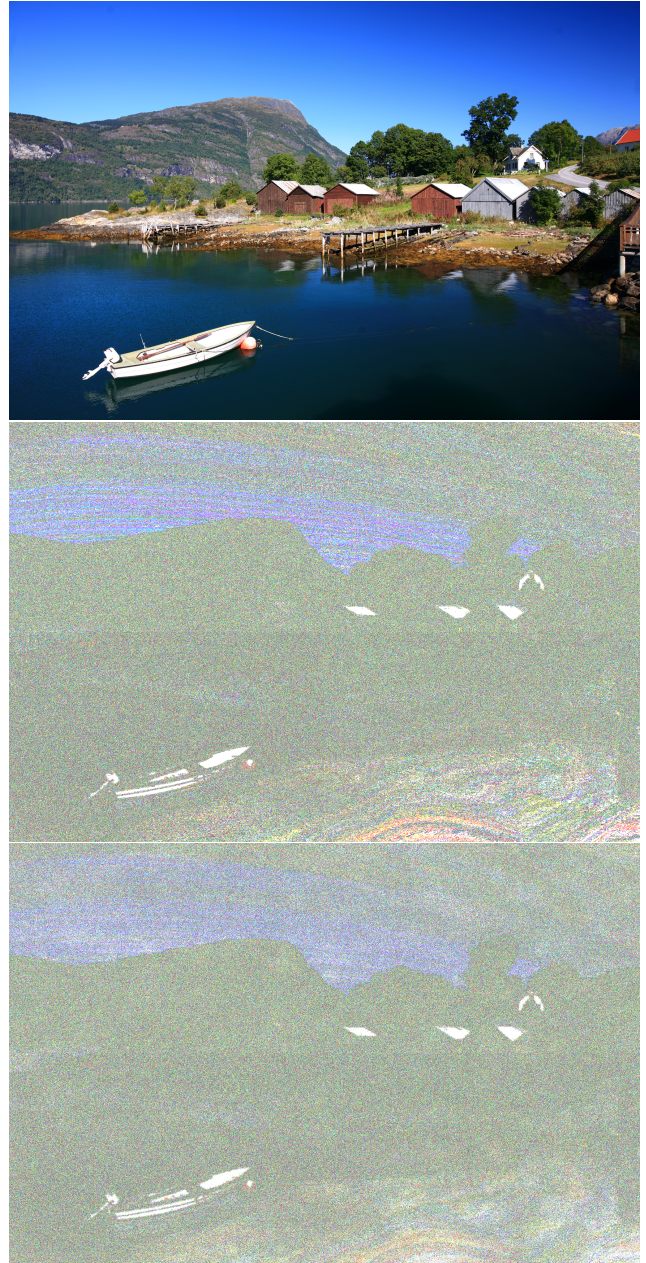

Figure A5. Example from DIV2K, showing x , r and a sample from $p(r)$. White means zero residual.
